

Tzora AERO FOLD

Foldable Carbon Manual Wheelchair with Ergonomic Hard Backrest

The **Tzora AERO FOLD** is a modern foldable manual wheelchair designed for users who need a practical combination of lightweight mobility, daily comfort, and easy transportation.

Built with a **carbon fiber frame**, the AERO FOLD offers an excellent balance between strength, durability, and reduced weight. Its foldable structure makes it easy to store, lift, and transport, whether at home, in a car, or while travelling.

The wheelchair is equipped with a **rigid ergonomic hard backrest**, providing improved postural support and a more stable seating experience compared with standard soft back upholstery. Together with its textured seat cushion, compact dimensions, and smooth 24" spoke rear wheels, the AERO FOLD is well suited for active daily use.

Available in a range of attractive frame colors, including **blue, black, red, and green**, with multiple rear wheel color options, the AERO FOLD combines functionality with a clean, sporty appearance.

Key Features
